UNPARALLELED BENEFITS WITH THE NEW VIDEO INSIGHT 7!

Lower Total Cost of Ownership (TCO)

Affordability, flexibility and a simple licensing model are what sets Video Insight apart from the rest – we provide the most cost-effective enterprise class VMS solution on the market.

The enterprise VMS features you love

The Video Insight VMS has a wide range of robust features you'd expect to find in an enterprise-level software. Health Monitor, automated failover, unlimited clients and users, and active directory/LDAP integration are included.

Scale your system without limitations

Our pure 64-bit VMS supports an industry leading number of cameras per server, unlimited scalability, client workstations, users with simple integration to legacy systems, centralized administration of the system and more.

World-class U.S. based support

We pride ourselves on being able to assist you in your time of need in a timely manner. We guarantee a callback within one hour or less.

Wide range of supported cameras

Video Insight 7 is an open platform that supports over 4,000 camera models from more than 150 manufacturers.

License Included with i-PRO / ADVIDIA Cameras

Each i-PRO and ADVIDIA camera is bundled with the Video Insight VMS, requiring no camera licensing or support fees.

Competitive Upgrade Program (CUP)

The Competitive Upgrade Program (CUP) allows you to transition away from your current enterprise VMS solution to VI at a fraction of the cost. (CUP) allows you to retain your hardware investments while lowering your TCO through the elimination of annual software costs, and support fees.

Making the most of existing legacy systems

Video Insight easily integrates with your existing systems, including access control and building management. Our robust SDK and API make it easy to maintain a single interface and manage all systems from a centralized console.

PLUG-INS MODULE

New Plug-in architecture enhances the capability of Video Insight 7 and adds greater scalability and improve feature sets. New plug-ins include – Analytics, Transportation, Geolocation, LPR, Gun detection and more.

Vape Detection²

1- Integration with Databuoy shotpoint

2- Integration with IP Video Corp

KEY FEATURES

Streamlined Client (VI MonitorPlus)

With an intuitive UI Video Insight's main client empowers its users with great functionality, customization, and control all designed with efficiency in mind.

Included Access Control (MonitorCast)

MonitorCast is an enterprise access control application that is fully integrated with VI7. The two platforms work together seamlessly, forming a unified security solution. MonitorCast is easy to use, highly expandable, includes a browser-based management UI, rules manager, realtime reporting, and fully integrated with active directory.

H.265 Support

H.265 is supported for live video streaming, playback, clipping, and snapshot creation. VI users can benefit from H.265's improved bandwidth and storage efficiencies all without sacrificing image quality.

Expanded Functionality Via New Plugin Architecture

Video Insight's plugin based architecture allows users to expand the functionality of their surveillance system with features designed to meet challenges specifically faced in their vertical. Plugins include vehicle tracking plus recording, LPR, and facial recognition (FacePRO).
